Petersberg, Germany | +49 176-81418296 | umerijaaz@protonmail.com | LinkedIn

Innovative, solution-oriented Designer with experience in UX/UI design, user research, and project management across various projects. Highly skilled in collaborating with diverse teams, and crafting user-friendly interfaces for websites, apps, and software. Adept at translating complex concepts into intuitive, responsive, and visually appealing designs and delivering engaging solutions that meet user needs.

PROFESSIONAL EXPERIENCE

Code IVY   **England (Remote)**
UI/UX Designer   March 2023 – August 2023
- Spearheaded the design/creation of over 2 intuitive, visually captivating, and user-centric user interface projects, including a "stock photography app" and a "barber app,"
- Facilitated seamless collaboration with 5 developers, ensuring feasible and precise design implementation.
- Designed adaptable interfaces, guaranteeing flawless user experiences across diverse devices and screen sizes.
- Drove responsive layouts and fluid designs, elevating overall user satisfaction.
- Fostered innovation and cultivated a dynamic and collaborative atmosphere within the design team of 2.
- Liaised effectively with cross-functional departments, aligning design objectives with overarching business goals.
- Led dynamic design brainstorming sessions to inspire creative solutions.
- Prioritized projects adeptly, optimizing resource allocation to consistently meet stringent deadlines.
- Oversaw 2 projects, monitoring progression and ensuring design goals are consistently achieved and maintained.
- Navigated the delicate balance between creative freedom and project parameters to deliver excellent outcomes.

Neurocat GmbH   **Berlin**
Human Resource Management Assistant   April 2019 – July 2019
- Assisted in streamlining administrative operations by effectively organizing tasks and responsibilities.
- Aided in enhancing workflow efficiency by leveraging tools like Canva, resulting in optimized processing times.
- Maintained meticulous records of daily schedules, ensuring accuracy and up-to-date documentation.
